Holistic Veterinary Health Care
Dosage-Form Supplements

For dogs and cats only

June 1, 2017
Table of Contents

Adrenal Harmony Gold for Dogs
• Cushing’s Disease/Hyperadrenalism

Agile Joints
• Joint Mobility / Joint Inflammation

Agile Joints PLUS for Dogs
• Daily Maintenance of Joint Health (chews)

Agile Joints PLUS for Cats
• Daily Maintenance of Joint Health (chews)

Blood Sugar Gold
• Diabetes / Blood Sugar Maintenance

BM Tone-Up Gold
• Loose Stools / Diarrhea

Calming Care
• General Anxiety / Daily Moods

Comfort Gold
• Pain & Discomfort / Post-Surgery

Dandelion Root
• Support for Liver and Digestion

Derma Support Gold for Dogs
• Skin Support (Yeast Overgrowth)

Ear Care Gold
• Ear Infection (solution)

Ear Clean Gold
• Ear Cleaning (solution)

GI CleanUp Gold (for Dogs)
• Intestinal Parasites/Worms

Hairball Gold for Cats
• Hairballs
Healthy Gums
  • Gum Inflammation

Heart Clean Gold
  • Heartworm (during & after heartworm medication)

ImmuneSure
  • Infections (Bacterial, Viral, Fungal)
  • Secondary Immune System Support

Itch Support Gold (internal use)
  • Skin Support (Allergies)

Itchy Owie Quick-Dry Gel (topical use)
  Itchy Owie Ointment = Discontinued and Replaced with Quick-Dry Gel
  • Itchy, Inflamed Skin of all kinds (including Hot Spots)
  • Insect Bites & Abrasions

Kidney Support Gold
  • Chronic Kidney Disease

Life Gold
  • Cancer
  • Detoxification

Lung Gold
  • Lung Infections (Lower Respiratory Immune Support)

Milk Thistle
  • Liver Support

Nettle Eyebright Gold
  • Seasonal Allergy Symptoms /Airborne Allergies

Old Friend
  • Seniors’ Support

Smooth BM Gold
  • Constipation / Regularity

SPARK (green food supplement)
  • Optimal, daily, nutritional supplement

Stress Gold
  • Support for high-stress situations
Throat Gold
  • Upper Respiratory Support, incl. Bordetella, Collapsed Trachea, Leash Strain

Thyroid Support Gold
  • Hyperthyroidism

Thyroid Support Silver
  • Hypothyroidism

Urinary Gold
  • Urinary Infections and Urinary Crystals

Urinary Gold DAILY for Cats
  • Maintenance – Urinary Tract Support (chews)

Urinary Gold DAILY for Dogs
  • Maintenance – Urinary Tract Support (chews)

Young at Heart
  • Cardiovascular Support
Manufacturing Method & Quality Control

All of Pet Wellbeing’s liquid dosage-form supplements, chews and our feed supplement (SPARK) are manufactured in NSF certified cGMP facilities. Whenever possible, raw botanical materials are sourced in whole form to ensure correct identity to a much greater degree, and are compared by qualified QC against reference standards. Botanicals are sourced as locally as possible (in southwest U.S.A.). Sometimes, active ingredients are sourced from other countries, if they are available only seasonally, if they only grow in certain regions, or if the necessary quality is available by sourcing from a different country.

Pet Wellbeing performs QC testing with third party, U.S. laboratories, to ensure purity of the products. Reserve samples of all raw materials and all lots of finished products are held at the manufacturing facility.

Pet Wellbeing liquid glycerin tinctures are manufactured as percolations. A hydro-alcoholic preparation is macerated for 24 hours. The material is then packed into a percolation cone, where it drips to form the liquid extract. To produce a glicyrite, the liquid is heated in a steam-jacketed kettle until the alcohol is removed. Glycerin is added and the product is filtered and mixed with the remaining non-active ingredients.

Our supplements are formulated by a veterinarian, and reviewed by a panel of certified herbalists and a veterinarian. The formula is based on both researched ingredients and clinical assessment data.

The Pet Wellbeing Veterinary Board of Advisors

Our Veterinary Board of Advisors is made up of five veterinarians who work in the U.S. and Canada. Our Board is made up of veterinarians working in different fields of veterinary medicine: clinics/surgeries, specialized acupuncture and Veterinary Traditional Chinese Medicine, and university-based pharmacology research with dogs and cats. All board members have experience and interest in holistic veterinary care, as well as conventional treatments and diet.

Twice annually, meetings are held in which one of our formulas is put under close scrutiny by the panel of Advisors. We re-research the active ingredients of the formula using the most current information and studies available. Clinical results are evaluated, and a forum is created in which every aspect of the formula’s active and inactive ingredients, safety/cautions, potential drug interactions, efficacy and labeling can be assessed and revised as necessary. In this way, Pet Wellbeing maintains continual vigilance that our products are up-to-date with current research – as well as meeting their objectives with our customers.
**Adrenal Harmony Gold**

2 oz (59 ml) liquid supplement  
4 oz (118 ml) liquid supplement

**Indications**
- Supports healthy adrenal function; Cushing’s Disease

Labelled for use in dogs only. Safe for cats.

**Therapeutic Actions**
- Adaptogen / corticosteroid reduction  
- Hepatic (liver support)  
- Antioxidant  
- Pituitary support  
- Immune support

Recommended to support normal adrenal gland function, including a normalizing effect on corticosteroid production. Also helps reduce oxidative damage.

**Active Ingredients**
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 460 mg per 1 ml (approx. 20 drops):

- Ashwagandha root (*Withania somniferum*)  
- Holy Basil leaf (*Ocimum sanctum*)  
- Turmeric rhizome (*Curcuma longa*)  
- Bacopa herb (*Bacopa monnieri*)  
- Sarsaparilla root (*Smilax officinalis*)  
- Astragalus root (*Astragalus membranaceous*)  
- Milk Thistle seed (*Silybum marianum*)  
- Blessed Thistle flower (*Cnicus benedictus*)  
- Chaste Tree berry (*Vitex agnus-castus*)  
- Prickly Ash bark (*Zanthoxyllum americanum*)

**Inactive Ingredients**
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**
Not to be used during pregnancy. Do not use with blood thinners. Use with caution if also administering drugs prescribed for Cushing's disease. May be a GI irritant. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.
**Directions For Use for Small and Medium Dogs (2 oz)**
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

**Directions For Use – Large Canine (4 oz)**
Administer product twice daily, by weight.

**Expiration**
Five (5) years from time of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
**Agile Joints**

*2 oz (59 ml) liquid supplement
4 oz (118 ml) liquid supplement*

*Formula Revised by Veterinary Board of Advisors: Autumn 2016*

**Indications**

- Support for joints and mobility.

For use in dogs and cats only.

**Therapeutic Actions**

- Anti-inflammatory
- Connective tissue support

Recommended for the support and maintenance of healthy joints and normal mobility. May be used prior to, or in conjunction with, administration of products containing glucosamine and/or chondroitin. Many animals may only need Agile Joints for the first phase of their treatment; thereafter, using Agile Joints PLUS as a daily supplement.

May assist with normal recovery following orthopedic surgery.

**Active Ingredients**

A Proprietary Blend of certified organic, ethically wild-harvested botanicals, and selectively imported herbs yields 383mg per 1 ml (approx. 20 drops):

- Devil's Claw tuber (*Harpagophytum procumbens*)
- Sarsaparilla root (*Smilax officinalis*)
- Dandelion root (*Taraxacum officinale*)
- Yucca root (*Yucca glauca*)
- Boswellia gum (*Boswellia serrata*)
- Turmeric rhizome standardized to 10% curcuminoids (*Curcuma longa*)
- Bromelain 2400 GDU

**Inactive Ingredients**

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**

Not to be used during pregnancy. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. May be a GI irritant. Use with caution in animals at risk for GI ulceration. Use caution with steroids, NSAIDS, and blood thinners. An examination from a veterinarian is recommended prior to using this product.
Directions For Use – 2 oz bottle (small/medium dogs + cats)
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

Directions For Use – 4 oz bottle (large dogs)
Administer product twice daily, by weight.
30 - 34 lb . . . 0.75 ml
35 - 44 lb . . . 1.0 ml
45 - 64 lb . . . 1.25 ml
65 - 79 lb . . . 1.5 ml
80 - 99 lb . . . 1.75 ml
100 - 119 lb . . . 2.0 ml
120 lb + . . . 2.25 ml

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Agile Joints PLUS for Dogs with MSM
(Revised Formula: available June, 2017)
60 Chews (8.47 oz / 240 g) in a clear, plastic bottle
Chicken Liver Flavor

Indications
- Nutritive support and maintenance for connective tissue.
For use in dogs only. Safe for puppies.

Therapeutic Actions
- Supplies nutrition specific to joint maintenance and repair.

Recommended to support normal range of motion and following orthopedic surgery. Use in conjunction with Agile Joints when additional support is needed.

Active Ingredients per 2 chews
Glucosamine HCl (Shrimp and Crab) ...................... 565 mg
Perna canaliculus (GlycOmega™ brand Green Lipped Mussel) ............ 450 mg
Methylsulfonylmethane (MSM) .............................. 375 mg
N,N-Dimethylglycine HCl (DMG) ......................... 75 mg
Manganese (Mn Proteinate) ................................. 8 mg

GlycOmega™ is a Trademark of Aroma New Zealand LTD.

Inactive Ingredients
Arabic gum, brewers yeast, calcium sulfate, canola oil, chicken liver flavor, citric acid, citrus pectin, glycerin, maltodextrin, mixed tocopherols, oat flour, propionic acid, rosemary extract, rye flour, silicon dioxide, sodium alginate, sorbic acid, soy lecithin, vegetable oil, water

Cautions
Safe use in pregnant animals or animals intended for breeding has not been proven. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

Directions For Use
Initial: (4 - 6 Weeks)
- Up to 30 lbs: ............... 1 chew daily
- 31 - 60 lbs: .................... 2 chews daily
- 61 - 100 lbs: .................... 4 chews daily
- 101 lbs and over: ............ 5 chews daily

Maintenance: (After initial period)
- Up to 30 lbs: ....... 1 chew every other day
- 31 - 60 lbs: .................... 1 chew daily
61 - 100 lbs: ................. 2 chews daily
101 lbs and over: ............ 3 chews daily

If giving more than 1 chew daily, divide between AM and PM.
Store in a cool, dry place. Does not require refrigeration.

Expiration
Two (2) years from time of manufacture.
Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing not recommended.
Agile Joints PLUS for Cats

60 Chews (3.17 oz / 90 g) in a foil bag
Chicken Liver Flavor

Indications

• Nutritive support for connective tissue.

For use in cats and dogs only. *(Chew size is appropriate for small dogs.)*

Therapeutic Actions

• Supplies nutrition specific to joint maintenance and repair.

Recommended to support normal range of motion and after orthopedic surgery. Use in conjunction with Agile Joints when additional support is needed.

Active Ingredients per 2 chews

*Perna canaliculus* (GlycOmega™ brand Green Lipped Mussel) ............... 300 mg
Methylsulfonylmethane (MSM) ................................................................. 250 mg
Glucosamine HCl (Shrimp and Crab) ....................................................... 250 mg
N,N-Dimethylglycine HCl (DMG) .............................................................. 50 mg
Manganese (Mn Proteinate) ................................................................. 5 mg

GlycOmega™ is a Trademark of Aroma New Zealand LTD.

Inactive Ingredients

Brewers yeast, calcium sulfate, canola oil, chicken liver flavor, citric acid, glycerin, maltodextrin, mixed tocopherols, propionic acid, rosemary extract, silicon dioxide, sodium alginate, soy lecithin, vegetable oil, whey

Cautions

Safe use in pregnant animals or animals intended for breeding has not been proven. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

Directions For Use

Initial: *(4 - 6 Weeks)*

Give 2 chews per 10 lbs of body weight, daily.

Maintenance: *(After initial period)*

Give 1 chew per 10 lbs of body weight, daily.

If giving more than 1 chew daily, divide between AM and PM.

Store in a cool, dry place. Does not require refrigeration. Excessive heat or freezing is not recommended.
**Blood Sugar Gold**

*2 oz (59 ml) liquid supplement*

**Indications**
- Supports and maintains balanced blood sugar levels.

For use in dogs and cats only.

**Therapeutic Actions**
- Hypoglycemic (with careful monitoring of blood sugar levels)
- Pancreatic support
- Liver support
- Ocular support (vasoprotective to the eyes)

Recommended to support normal blood sugar levels and diabetes.

**Active Ingredients**
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 491 mg per 1 ml (approx. 20 drops)

- Devil’s Club root bark (*Oplopanax horridum*)
- Gymnema leaf (*Gymnema sylvestre*)
- Fenugreek seed (*Trigonella foenum-graecum*)
- Burdock root (*Arctium lappa*)
- Goat’s Rue herb (*Galega officinalis*)
- Dandelion root (*Taraxacum officinale*)
- Bilberry fruit (*Vaccinium officinalis*)

**Inactive Ingredients**
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**
Safe use in pregnant animals or animals intended for breeding has not been proven. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Product may have a hypoglycemic effect. May increase effect of blood-sugar-lowering drugs. Monitor closely if administering with blood-sugar-lowering drugs. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.

On calibrated dropper 0.25 ml = 5 drops
Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.

Professional Reference for BSG
On the following two pages is a reference guide for pet owners to bring to their pet’s health practitioner so that administration of BSG can be safely used and understood. It is imperative that the product is not used as a substitute or alternative supplement to insulin.
Blood Sugar Gold (BSG) for Dogs and Cats
Professional Reference by Dr. Janice Huntingford, DVM

What is BSG?
BSG is an herbal supplement formulated by a veterinarian containing seven active herbal ingredients used to support and maintain optimal blood sugar levels. These actives have been used alone and in combination to stabilize blood glucose and insulin levels in humans for many years. This dosage-form supplement is NOT a substitute for insulin but developed to be used alongside insulin to stabilize blood glucose levels. Every patient will react uniquely.

These herbs are hypoglycaemic. Often the pet’s insulin dose needs to be reduced when taking this supplement. In some cases (particularly in cats) with proper diet and weight loss, the need for insulin is eliminated. In conjunction with hypoglycaemic actions, herbal ingredients in this formula also support healthy liver function and microcirculation to the retinas. It is imperative that blood glucose levels are monitored regularly when the supplement is being used in conjunction with insulin. This is best monitored with a bi-weekly glucose curve until everything is stable. We encourage clients to check with their veterinarians for ideal monitoring frequency.

Many clients monitor their diabetic pets at home daily, or at least weekly, and this should be encouraged whether insulin, herals or both are used. BSG can be safely administered to most diabetic patients, exercising appropriate caution in the very brittle cases.

What are the herbs and what do they do?
Below is a list of the active herbal ingredients in this formula with selected references.

**Devil’s Club root bark** (*Oplopanax horridus*): Use by indigenous North American people for maintenance of blood sugar. It is currently being researched for antidiabetic properties. (1)

**Gymnema leaf** (*Gymnema sylvestre*): Used in India for 2000 years to treat diabetes with specific support to the beta cells of the pancreas. (2)

**Fenugreek seed** (*Trigonella foenum-graecum*): A seed used extensively in India for health and nutrition, recent studies concur that healthy liver and insulin levels may be linked with regular ingestion. (3)

**Burdock root** (*Arctium lappa*): Burdock root is an antioxidant and antibacterial and is used here for liver support.

**Goat’s Rue aerial parts** (*Galega officinalis*): Used in Europe for hundreds of years to maintain healthy blood glucose levels. (4)

**Dandelion root** (*Taraxacum officinale*): Agents with alpha-glucosidase inhibitory activity have been useful as oral hypoglycemic drugs for the control of hyperglycemia in patients with type 2; noninsulin-dependent, diabetes mellitus (NIDDM). Dandelion root has been demonstrated to have alpha-glucosidase inhibitory action. (5)

**Bilberry fruit** (*Vaccinium officinalis*): Rich in anthocyanins (type of antioxidants) the extract of these berries improves retinal blood flow and maintains healthy blood glucose levels. (6)

What about research? Pet Wellbeing is committed to producing the best products possible. Our Board of Advisors is systematically reviewing all of our formulae for improvement. Clinical research trials are being conducted. Questions? Please contact our consulting veterinarian Dr. Janice Huntingford at drjanhuntingford@petwellbeing.com.

These product pages are provided by Pet Wellbeing as supplementary information for the primary care veterinarian and are not meant to be a substitute for veterinary care. Your veterinarian should always be the primary source of health care information for your pet.
BM Tone-Up Gold
2 oz (59 ml) liquid supplement

Indications
- Diarrhea, loose stools.

For use in dogs and cats only.

Therapeutic Actions
- Astringent to digestive tract
- Antimicrobial
- Demulcent

Recommended to support normal, solid-formed stools.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 400 mg per 1 ml (approx. 20 drops):

- Oregon Grape root (*Berberis aquifolium*)
- Red Raspberry leaf (*Rubus idaeus*)
- Bayberry root (*Myrica cerifera*)
- Mullein leaf (*Verbascum spp.*)
- Agrimony herb (*Agrimonia eupatoria*)
- Marshmallow root (*Althea officinalis*)
- Myrrh resin (*Commiphora mol-mol*)
- Thyme leaf (*Thymus vulgaris*)
- Ginger rhizome (*Zingiber officinalis*)

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Not to be used during pregnancy. Do not use if animal is constipated. Do not use with blood-thinners or laxatives. Doses significantly higher than recommended dose may cause kidney irritation. Absorption of drugs taken at the same time may be delayed. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops
Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Calming Care

2 oz (59 ml) liquid supplement

Indications

• Supports calm, balanced moods. May help hyperactivity, general anxiety, behavior issues. For use in dogs and cats only.

Therapeutic Actions

• Restorative nervine
• Nerve tonic
• Nervine relaxant
• Adaptogen (supports adrenal response to stress)

Recommended to support the nervous system, and a better frame of mind. Appropriate for long-term administration, rather than short-term administration. Expect results after 2 – 3 weeks min.

Active Ingredients

A Proprietary Blend of certified organic and selectively imported botanicals, yields 508 mg per 1 ml (approx. 20 drops):

Ashwagandha root (Withania somnifera)
Wild Oat seed (Avena fatua)
Holy Basil leaf (Ocimum sanctum)
Eleuthero root (Eleutherococcus senticosus)
Rhodiola root (Rhodiola rosea)
Bacopa aerial parts (Bacopa monnieri)
Skullcap aerial parts (Scutellaria lateriflora)
St. John’s Wort flowering herb (Hypericum perforatum)

Inactive Ingredients

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions

Not to be used during pregnancy. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood thinners. Monitor blood sugar if using with blood-sugar- lowering drugs, as some herbs may lower blood sugar. Use caution with SSRIs, MAOIs and high or low blood pressure. May interfere with metabolism of indinavir, cyclosporin, digoxin, midazolam, fexofenadine and theophylline. An examination from a veterinarian is recommended prior to using this product.

Directions For Use

Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before
use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Comfort Gold
2 oz (59 ml) liquid supplement

Indications
• For occasional discomfort and pain. For intermittent use, as needed.

For use in dogs and cats only.

Therapeutic Actions
• Analgesic
Supports the pain response and comfort of the animal.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 475 mg per 1 ml (approx. 20 drops)

Corydalis tuber (Corydalis yanhusuo)
Turmeric root (Curcuma longa)
Blue Vervain aerial parts (Verbena hastata)
Ginger rhizome (Zingiber officinale)
Rosemary aerial parts (Rosmarinus officinalis)

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Not to be used during pregnancy. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood-thinners. May change the absorption of pain-relievers and antibiotics. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer up to four times daily for 72 hours. After that, administer twice daily for duration of discomfort. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use.
Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
**Dandelion Root**

*2 oz (59 ml) liquid supplement*

**Indications**

- Support for liver and digestion. Also for stable blood glucose.

For use in dogs and cats only.

**Therapeutic Actions**

- Liver and gallbladder support
- Digestion (appetite, bile secretion, gas, indigestion)
- Cardiovascular support (supporting the liver is important in cases of heart disease)
- Blood sugar maintenance
- Immune support (supports normal responses to viral infections)

A versatile supplement, appropriate for many conditions and aging pets.

**Active Ingredients**

Yields 500 mg per 1 ml (approx. 20 drops):

- Certified Organic Dandelion root (*Taraxacum officinale*)

**Inactive Ingredients**

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**

Safe use in pregnant animals or animals intended for breeding has not been proven. Do not use if gallstones are present or with acute gallbladder inflammation. Do not use with bile duct or intestinal obstruction. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**

Administer product orally once daily. Give one drop per pound (0.5 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 2 lb (1 kg). Shake well before use.

On calibrated dropper 0.25 ml = 5 drops

**Expiration**

Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**

*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Derma Support Gold
2 oz (59 ml) liquid supplement

Indications
• Support when there is an overgrowth of yeast on the skin or in the ears

For use in dogs only. (Can be safely used in cats.)

Therapeutic Actions
• For yeast dermatitis
• Traditional Chinese Medicine (TCM) veterinary formula: Damp Heat

Recommended to support normal amounts of yeast on the skin and in the ears.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 500 mg per 1 ml (approx. 20 drops)

Baikal Skullcap root (Scutellaria baicalensis)
Phellodendron bark (Phellodendron chinense)
Sophora root (Sophora flavescens)
Rehmannia root (Rehmannia glutinosa)
Chinese Smilax root (Smilax glabra)
Plantain seed (Plantago asiatica)
Knotweed aerial parts (Polygonum aviculare)
Summer Cypress fruit (Kochia scoparia)

Inactive Ingredients
Deionized water, vegetable glycerin

Cautions
Not to be used during diarrhea. If stools become loose, reduce daily administration. Discontinue if loose stools persist. Not to be used during pregnancy or nursing. Do not use with blood thinners. Use caution with immunosuppressants. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops
Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Ear Care Gold
2 oz (59 ml) liquid for topical use in the ears

Indications

• Supports strong immunity in the ears.

For use in dogs and cats only.

Therapeutic Actions

• Antibacterial
• Antifungal

Recommended to support comfort and health of the ears during an active infection.

Ingredients (extracted into base oil)

Herbs are certified organic or ethically wild harvested.
Goldenseal root (Hydrastis canadensis)
Olive leaf (Olea europaea)
Calendula flower (Calendula officinalis)
Mullein leaf (Verbascum spp.)
St. John’s Wort flowering herb (Hypericum perforatum)
Aloe Vera leaf (Aloe barbadensis)

Base: Medium Chain Triglyceride (MCT) Oil

Cautions

Not for internal use.
Discontinue if ear appears more red or aggravated after application. This may indicate an allergic reaction. If symptoms persist or worsen, seek consultation from a veterinarian. Use at room temperature or body temperature for the comfort and safety of the animal.

Directions For Use

Shake well before use. Apply twice daily.
Use for 7 to 10 consecutive days until desired results are achieved. Use at room temperature or slightly warmer by holding bottle under warm water. Using the dropper, insert drops into the ear canal. Gently massage outer ear, removing any excess product from the outer ear with a towel or tissue. Avoid touching dropper to any discharge from the ear. For best results, clean ears with Ear Clean Gold once daily (or until excess wax and debris are no longer present) while using Ear Care Gold. Does not require refrigeration.

Under 25 lb .................. 3 - 4 drops in each ear
Between 25 lb - 50 lb ........ 1/2 dropper in each
Over 50 lb ..................... 3/4 dropper in each ear
For best results, clean ears with Ear Clean Gold once daily (or until excess wax and
debris are no longer present) while using Ear Care Gold. Does not require refrigeration.

**Expiration**
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Ear Clean Gold
2 oz (59 ml) liquid for topical use in the ears

Indications
• For regular ear cleaning.
For use in dogs and cats only.

Therapeutic Actions
• Emollient
• Antimicrobial
• Anti-inflammatory

For routine ear cleaning to dislodge wax and debris. Recommended after swimming.

Ingredients
Herbs are certified organic or ethically wild harvested.
Mullein leaf (Verbascum spp.)
Calendula flower (Calendula officinalis)
Rosemary leaf (Rosmarinus officinalis)
10% Vitamin E Oil (dl-alpha tocopherol acetate)
Base: Medium Chain Triglyceride (MCT) Oil

Cautions
Not for internal use.
Use at room temperature or body temperature for the comfort and safety of the animal.
Do not insert cotton swabs into the ear canal.

Directions For Use
Shake well before use. Use at room temperature or slightly warmer by holding bottle under warm water. Using the dropper, insert drops into the ear canal. Gently massage outer ear, removing any excess product or debris from the outer ear with a towel or tissue. Avoid touching dropper to any discharge from the ear. Does not require refrigeration.

Under 25 lb .......................... 2 - 3 drops in each ear
Between 25 lb - 50 lb ............. 1/2 dropper in each ear
Over 50 lb ............................. 3/4 dropper in each ear

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.
Warnings and Storage Information

Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.

For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
GI Clean Up Gold
2 oz (59 ml) liquid supplement

Indications
• Supports resistance to and expulsion of intestinal worms.

For use in dogs and cats only.

Therapeutic Actions
• Anthelmintic
• Demulcent
• Antimicrobial
• Carminative
• Mild stool softener

Recommended to support healthy and comfortable removal of intestinal worms. May also be used for prevention, administered intermittently.

Active Ingredients
A Proprietary Blend of certified organic, ethically wild-harvested and selectively imported botanicals, yields 438 mg per 1 ml (approx. 20 drops)

- Pumpkin seed (*Cucurbita pepo*)
- Slippery Elm bark (*Ulmus fulva*)
- Quassia wood (*Picrasma excelsa*)
- Triphala blend (*Terminalia chebula, Phyllanthus officinalis, Terminalia bellirica*)
- Pomegranate fruit (*Punica granatum*)
- Fennel seed (*Foeniculum vulgare*)
- Oregon Grape root (*Berberis aquifolium*)
- Prickly Ash bark (*Zanthoxyylum americanum*)
- Thyme leaf (*Thymus vulgaris*)
- Clove bud (*Caryophyllus aromaticus*)
- Ginger rhizome (*Zingiber officinale*)
- Propolis
- Bromelain 2400 GDU

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Not to be used during pregnancy. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood thinners. Absorption of drugs taken simultaneously may be delayed. Use caution if animal has allergy to bee stings. (In rare cases, highly allergic animals may react to Propolis.) An examination from a veterinarian is recommended prior to using this
product.

**Directions For Use**
Administer product orally once daily for a 4 week period. Then, discontinue for 4 weeks. Resume administration for another 4 weeks. Continue alternating administration in this manner, as needed. Give one drop for every 1 lb (0.5 kg) of body weight up to 50 lb (25 kg). Over 50 lbs, add one drop per additional 2 lb (1 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

**Expiration**
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Hairball Gold

2 oz (59 ml) liquid supplement

**Indications**

- Easy management of hairballs.

For use in cats only. (Can be administered safely in dogs.)

**Therapeutic Actions**

- Demulcent
- Mild stool softener
- Carminative

Recommended to support comfortable an easy passing of hairballs through the digestive tract.

**Active Ingredients**

A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 163 mg per 1 ml (approx. 20 drops)

Slippery Elm inner bark (*Ulmus fulva*)
Marshmallow root (*Althea officinale*)
Triphala blend – Chebulic myrobalan fruit (*Terminalia chebula*), Amla fruit (*Phyllanthus emblica*) and Belleric myrobalan fruit (*Terminalia bellerica*)
Aloe Vera leaf (*Aloe barbadensis*)
Chamomile flower (*Matricaria chamomilla*)
Licorice root (*Glycyrrhiza glabra*)
Ginger root (*Zingiber officinale*)

**Inactive Ingredients**

Medium Chain Triglyceride (MCT) Oil

**Cautions**

Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Absorption of drugs may be delayed if taken at the same time. Use with caution in cardiac or kidney conditions or if taking steroid medication. Excessive or long term, daily use may cause or contribute to water retention or hypertension. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**

Shake vigorously before use.
For active hairball episodes:
Administer four times daily.
Under 15 lb ............... 0.25 ml (1/4 dropper)
Over 15 lb ............... 0.5 ml (1/2 dropper)

For routine maintenance:
Administer twice daily, two days per week.
Under 15 lb ............... 0.25 ml (1/4 dropper)
Over 15 lb ............... 0.5 ml (1/2 dropper)

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Healthy Gums
2 oz (59 ml) liquid supplement

Indications
• Supports good oral health (teeth and gums).

For use in dogs and cats only.

Therapeutic Actions
• Demulcent to mucous membranes
• Antimicrobial
• Astringent
• Antioxidant
• Immune support

For periodontal maintenance and support for gum disease. Daily use helps with plaque build-up and good breath.

Active Ingredients
A Proprietary Blend of certified organic, ethically wild-harvested and selectively imported botanicals, yields 183 mg per 1 ml (approx. 20 drops):

Calendula flower (*Calendula officinalis*)
Marshmallow root (*Althea officinale*)
Goldenseal root (*Hydrastis canadensis*)
Bayberry root bark (*Myrica cerifera*)
Baikal Skullcap (*Scutellaria baicalensis*)
Licorice root (*Glycyrrhiza glabra*)
Prickly Ash bark (*Zanthoxylum americanum*)
Coptis root (*Coptis chinensis*)
Myrrh gum (*Commiphora mol-mol*)

Coenzyme Q10 ...................... 30 mg
Ascorbyl palmitate (Vitamin C) ...... 10 mg
Zinc oxide .......................... 0.75 mg

Inactive Ingredients
Medium Chain Triglyceride (MCT) Oil

Cautions
Not to be used during pregnancy or nursing. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Absorption of drugs may be delayed if taken at the same time (due to Marshmallow content). Use with caution in cardiac or kidney conditions or if taking steroids. Excessive use may contribute to water retention or hypertension (due to Licorice content). An examination
from a veterinarian is recommended prior to using this product.

**Directions For Use**
Administer twice daily. Shake vigorously before use. Amount per application (approximate):

- Under 10 lb: 3 - 4 drops
- Between 11 lb - 40 lb: 5 - 7 drops
- Over 40 lb: 8 - 10 drops

Using dropper, apply directly onto gums. Use only enough to sufficiently coat the gums. Avoid touching dropper to gums. Does not require refrigeration.

On calibrated dropper 0.25 ml = 5 drops

**Expiration**
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Heart Clean Gold
2 oz (59 ml) liquid supplement

Indications
• Supports the heart and lungs during and after heartworm medication administration.

For use in dogs only.

Therapeutic Actions
• Heart tonic
• Vasoprotective
• Anthelmintic
• Bronchodilator
• Demulcent
• Antitussive (soothes throat)
• Immune system support

Recommended to support the heart and lungs during and after heartworm prescription medication.

Active Ingredients
A Proprietary Blend of certified organic, ethically wild-harvested botanicals, and selectively imported, yields 493 mg per 1 ml (approx. 20 drops):

Quassia wood (*Picrasma excelsa*)
Hawthorn leaf, flower & berry (*Crataegus spp.*)
Dan Shen root (*Salvia miltiorrhiza*)
Elecampane root (*Inula helenium*)
Hyssop herb (*Hyssopus officinalis*)
Marshmallow root (*Althea officinale*)
Pomegranate fruit (*Punica granatum*)
Fennel seed (*Foeniculum vulgare*)
Garlic bulb (*Allium sativum*)
Ginger root (*Zingiber officinale*)
Thyme leaf (*Thymus vulgaris*)
Cinnamon bark (*Cinnamomum cassia*)

Bromelain . . . . . . . . . 2400 GDU
Rutin . . . . . . . . . . . . 5 mg

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin
Cautions
Not to be used during pregnancy or nursing. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Careful monitoring by a veterinarian is recommended to ensure progress and safety while taking product. Do not use with blood thinners. Absorption of drugs taken at the same time may be delayed. Use caution with ACE inhibitors, NSAIDS and ASA. Do not use prior to surgery. Excessive, sustained doses may cause Heinz body anemia. Not to be used with pre-existing anemia. May cause digestive upset (contains raw garlic). An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lbs, add one drop per additional 4 lb (2 kg). Administer for a minimum period of 2 months and for a maximum of three months. Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops.

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
ImmuneSURE

Formula revision: January 2017
2 oz (59 ml) liquid supplement

Indications

- Supports the immune system’s innate resistance to infections.

For use in dogs and cats only.

Therapeutic Actions

- Antibacterial
- Antiviral
- Antifungal
- Immunomodulator
- Antioxidant

Recommended to support increased immune resistance.

Active Ingredients

A Proprietary Blend of certified organic, ethically wild-harvested botanicals, and selectively imported botanicals, yields 363 mg per 1 ml (approx. 20 drops):

- Andrographis herb (*Andrographis paniculata*)
- Echinacea root (*Echinacea angustifolia*)
- Usnea thallus (*Usnea barbata*)
- Goldenseal root (*Hydrastis canadensis*)
- Elder flower (*Sambucus nigra*)
- Licorice root (*Glycyrrhiza glabra*)
- Propolis resin
- Ginger rhizome (*Zingiber officinale*)
- Zinc glycinate chelate . . . . . . . . . . . . . . 0.5 mg
- Ascorbic acid (Vitamin C) . . . . . . . . . . . . . . 5 mg

Inactive Ingredients

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions

Not to be used during pregnancy or nursing. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood thinners. Use with caution in cardiac or kidney conditions, or if taking steroid medications. Excessive or long-term use may contribute to water retention or hypertension. Use with caution if animal has a known allergy to bee stings (due to Propolis content. Rarely, animals sensitive to bee stings may react to Propolis.) An examination from a veterinarian is recommended prior to using this product.
**Directions For Use**
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

**Expiration**
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Itch Support Gold
2 oz (59 ml) liquid supplement

Indications
- Supports itchy skin due to allergies.

For use in dogs and cats only.

Therapeutic Actions
- Traditional Chinese Medicine (TCM) veterinary formula: *External Wind*
- Anti-itch

Supports the comfort and normal texture of the skin. This supplement is for internal use only.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 450 mg per 1 ml (approx. 20 drops):

Dong Quai root (*Angelica sinensis*)
Tribulus fruit (*Tribulus terrestris*)
Rehmannia root (*Rehmannia glutinosa*)
Chinese Peony root (*Paeonia lactiflora*)
Schizonepeta aerial parts (*Nepeta tenuifolia*)
Siler root (*Saposhnikovia divaricata*)
Ligusticum root (*Ligusticum wallichii*)
Astragalus root (*Astragalus membranaceus*)
Licorice root (*Glycyrrhiza uralensis*)

Inactive Ingredients
Deionized water, vegetable glycerin

Cautions
Not to be used during pregnancy or nursing. Not to be used during diarrhea. May have a hypoglycemic effect; monitor blood sugar closely if using with blood-sugar-lowering drugs. Contains Licorice: Use caution with cardiac/kidney disease. Use caution with steroids. Excessive use may contribute to water retention or hypertension. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Itchy Owie Ointment for Paws & Skin

2 oz (59 ml) Topical Ointment

DISCONTINUED. Revised and replaced with: Itchy Owie Quick-Dry GEL

Indications

- Healing ointment for dryness, hotspots, insect bites, stings and minor abrasions on the paws and skin.

For use in dogs and cats only.

Therapeutic Actions

- Vulnerary
- Antimicrobial
- Emollient
- Astringent

Recommended to support healthy cellular repair and ease itch, inflammation and dryness of the skin. Aids wound healing.

Ingredients

Extracts of:
Calendula flower (Calendula officinalis)
Plantain leaf (Plantago major)
Marshmallow root (Althea officinale)
White Oak bark (Quercus alba)
Yarrow leaf & flower (Achillea millefolium)
Licorice root (Glycyrrhiza glabra)
Propolis
Aloe Vera juice (Aloe barbadensis)
Vitamin E Oil (dl-alpha tocopherol acetate)
Evening Primrose Oil

Base: Coconut Oil, Extra Virgin Olive Oil, certified organic Beeswax

Cautions

Not for internal use.
Discontinue if skin appears more red or aggravated after application. This may indicate an allergic reaction. Do not expose product to excessive heat. Store at room temperature.

Directions For Use

Apply to affected areas. For insect bites & stings and for general use, apply 2 - 3 times daily.
Itchy Owie Quick-Dry GEL

4 oz (118 ml) Topical Herbal Gel in a plastic squeeze bottle

Indications

• For hotspots, insect bites & stings, dryness, and abrasions on the skin.

For use in dogs and cats only.

Therapeutic Actions

• Anti-Itch
• Antimicrobial
• Supports integrity of the skin
• Astringent

Recommended to support healthy cellular repair and ease itch, inflammation and dryness of the skin. Aids wound healing.

Ingredients

Extracts of Calendula flowers, Plantain leaf, Marshmallow root, White Oak bark, Oregon Grape root bark, Yarrow aerial parts, Licorice root, Aloe Vera juice, Vitamin E, Evening Primrose Oil, Xanthum Gum, Water, Preservative, Calendula Oil (made with Olive Oil), Bean Flour

Cautions

Not for internal use.
Discontinue if skin appears more red or aggravated after application. This may indicate an allergic reaction. Do not expose product to excessive heat. Store at room temperature or refrigerate.

Directions For Use

Apply a thin layer to affected areas.
For insect bites & stings and for general use, apply 2 – 3 times daily. If needed, trim hair around affected area(s) to allow better air circulation and drying.

Expiration

Use within two years of manufacture date.

Warnings

For animal use only. Keep out of reach of children and animals.
Kidney Support Gold

2 oz (59 ml) liquid supplement
4 oz (118 ml) liquid supplement (Large Canine format)

*Formula Revised by Veterinary Board of Advisors: October, 2015*

**Indications**

- Supports stable kidney function.

For use in dogs and cats only.

**Therapeutic Actions**

- Renal protective
- Kidney tonic
- Immunomodulator
- Hypotensive

Recommended to support symptoms of chronic kidney disease; renal failure; kidney fibrosis.

**Active Ingredients**

A Proprietary Blend of certified organic and selectively imported botanicals, yields 400 mg per 1 ml (approx. 20 drops):

- Rehmannia root (*Rehmannia glutinosa*)
- Cordyceps mycelium (cultivated) (*Cordyceps sinensis*)
- Astragalus root (*Astragalus membranaceus*)
- Dong Quai root (*Angelica sinensis*)

**Inactive Ingredients**

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**

Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood-thinners. Not to be used during diarrhea. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use – 2 oz bottle for cats and small/medium dogs**

Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.

On calibrated dropper 0.25 ml = 5 drops
Directions For Use – 4 oz bottle for large dogs
Administer product twice daily, by weight.
30 - 34 lb . . . 0.75 ml
35 - 44 lb . . . 1.0 ml
45 - 64 lb . . . 1.25 ml
65 - 79 lb . . . 1.5 ml
80 - 99 lb . . . 1.75 ml
100 - 119 lb . . 2.0 ml
120 lb + . . . 2.25 ml

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Life Gold
2 oz (59 ml) liquid supplement
4 oz (118 ml) liquid supplement

Indications
- Supports quality of life for dogs and cats with cancer.
- Supports the body’s normal systems of elimination and detoxification.

For use in dogs and cats only.

Therapeutic Actions
- Helps reduce oxidative stress
- Hepatic support
- Lymphatic support
- Alterative
- Immune support

Recommended to support the key functions of elimination.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 360 mg per 1 ml (approx. 20 drops):

Chaga fruiting body (*Inonotus obliquus*)
Blessed Thistle aerial parts (*Cnicus benedictus*)
Burdock root (*Arctium lappa*)
Red Clover flowering aerial parts (*Trifolium pratense*)
Sheep Sorrel aerial parts (*Rumex acetosella*)
Slippery Elm bark (*Ulmus rubra*)
Turkey Rhubarb root (*Rheum palmatum*)

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Not for use during pregnancy or nursing. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood-thinners. Discontinue if weakness and vomiting occurs. An examination from a veterinarian is recommended prior to using this product.

Directions For Use – 2 oz bottle for cats and small/medium dogs
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops
Directions For Use – 4 oz bottle for large dogs
Administer product twice daily, by weight.
30 - 34 lb . . . 0.75 ml
35 - 44 lb . . . 1.0 ml
45 - 64 lb . . . 1.25 ml
65 - 79 lb . . . 1.5 ml
80 - 99 lb . . . 1.75 ml
100 - 119 lb . . . 2.0 ml
120 lb + . . . . 2.25 ml

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
**Lung Gold**

*2 oz (59 ml) liquid supplement*

*Formula revision: Autumn 2017*

**Indications**

- Supports lower respiratory health, including oxygenation and immunity in the lungs.

For use in dogs and cats only.

**Therapeutic Actions**

- Demulcent
- Antimicrobial
- Expectorant
- Spasmolytic
- Anticatarrhal

Recommended to support normal pulmonary health in the lower lungs (pneumonia and bronchitis).

**Active Ingredients**

A Proprietary Blend of certified organic, ethically wild-harvested, and selectively imported botanicals, yields 488 mg per 1 ml (approx. 20 drops):

- Marshmallow root (*Althea officinalis*)
- Olive leaf (*Olea europaea*)
- Usnea thallus (*Usnea barbata*)
- Pleurisy root (*Asclepias tuberosa*)
- Chinese Skullcap root (*Scutellaria baicalensis*)
- Coptis root (*Coptis chinensis*)
- Jujube fruit (*Ziziphus jujube*)
- Osha root (*Ligusticum porteri*)
- Grindelia flower (*Grindelia spp.*)
- Ascorbic acid (Vitamin C) . . . . . . . . . . . .10 mg

**Active Ingredients Revised Formula**

(after Autumn 2017)

A Proprietary Blend of certified organic, ethically wild-harvested, and selectively imported botanicals, yields 396 mg per 1 ml (approx. 20 drops):

- Reishi fruiting body (*Ganoderma lucidum*)
- Coptis root (*Coptis chinensis*)
Marshmallow root (*Althaea officinalis*)  
Chinese Skullcap root (*Scutellaria baicalensis*)  
Pleurisy root (*Asclepias tuberosa*)  
Jujube fruit (*Ziziphus jujuba*)  
Grindelia flower (*Grindelia spp.*)  
Usnea thallus (*Usnea barbata*)  
Ginger rhizome (*Zingiber officinale*)  
Ascorbic acid (Vitamin C) . . . . . . 10 mg

**Inactive Ingredients**  
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**  
Not to be used during pregnancy. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Absorption of drugs taken at the same time may be delayed. Use with caution in hypotension. Not to be used with hypotensive drugs or prior to anesthesia. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**  
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops.

**Expiration**  
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

**Warnings and Storage Information**  
*Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.*  
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Milk Thistle
2 oz (59 ml) liquid supplement
4 oz (118 ml) liquid supplement

Indications
- Supports and protects the liver.
- Liver support due to use of medications.

For use in dogs and cats only.

Therapeutic Actions
- Hepatoprotective
- Cholagogue
- Antioxidant

Recommended to support healthy liver function, including metabolism of toxins and elimination of waste products. Hepatotoxicity.

Active Ingredients
Certified organic.
Yields 333 mg per 1 ml (approx. 20 drops):

Milk Thistle seed (*Silybum marianum*)

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Safe use in pregnant animals or animals intended for breeding has not been proven. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

Directions For Use – 2 oz bottle for cats and small/medium dogs
Administer product orally once daily. Give one drop per pound (0.5 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 2 lb (1 kg). Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops

Directions For Use – 4 oz bottle for large dogs
Administer product once daily, by weight.
30 - 34 lb . . . . . 1.5 ml
35 - 44 lb . . . . 2.0 ml
45 - 64 lb . . . . . 2.5 ml
65 - 79 lb . . . . 3.0 ml
80 - 99 lb . . . . 3.5 ml
100 - 119 lb . . . 4.0 ml
120 lb + . . . . 4.5 ml

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Nettle Eyebright Gold
2 oz (59 ml) liquid supplement

Indications
• For airborne and seasonal allergies; rhinitis; sinusitis.

For use in dogs and cats only.

Therapeutic Actions
• Anti-inflammatory
• Antiallergic
• Anticatarrhal
• Astringent
• Antimicrobial

Recommended to support irritated and itchy sinuses and eyes, sneezing; relieve excessive mucous production in the sinuses.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 467 mg per 1 ml (approx. 20 drops):

Nettle herb (Urtica dioica)
Eyebright herb (Euphrasia officinalis)
Yerba Santa leaf (Eriodictyon californicum)
Turmeric rhizome (Curcuma longa)
Ambrosia leaf (Ambrosia artemisiifolia)
Lemon Balm herb (Melissa officinalis)
Olive leaf (Olea europaea)
Ascorbic acid (Vitamin C) . . . . . . . . 30 mg

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Safe use in pregnant animals or animals intended for breeding has not been proven. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Not to be used with hypotensive drugs or prior to surgery. Use caution with hypotension. May be a GI irritant. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops.
Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Old Friend
2 oz (59 ml) liquid supplement

Indications
- Support for the senior pet.

For use in dogs and cats only.

Therapeutic Actions
- Tonic (Nutritive)
- Immune Tonic
- Anti-inflammatory
- Anti-rheumatic
- Adaptogen
- Liver Tonic

Recommended to support normal energy levels, good mental acuity, a healthy immune system, ease of movement, and liver function.

Active Ingredients
A Proprietary Blend of certified organic, cultivated in the U.S. and selectively imported botanicals, yields 403 mg per 1 ml (approx. 20 drops):

Alfalfa herb (*Medicago sativa*)
Guggul gum (*Commiphora mukul*)
Reishi mushroom (*Ganoderma lucidum*)
Astragalus root (*Astragalus membranaceus*)
American Ginseng root (*Panax quinquefolium*)
Eleuthero root (*Eleutherococcus senticosus*)
Dandelion root (*Taraxacum officinale*)
Ginger rhizome (*Zingiber officinale*)

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Not to be used during pregnancy. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood thinners. May affect blood levels of cyclophosphamide, acetaminophen, diltiazem, propranolol or lead to alteration of thyroid hormone replacement dose. Use caution with cardiac glycosides, MAOIs and in hypertension. Monitor blood sugar if using blood-sugar- lowering drugs, as some herbs may lower blood sugar. An examination from a veterinarian is recommended prior to using this product.
Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
**Pooch PROTECT Bug Repellent SPRAY**

*8 oz (236 ml)*

**Indications**
- DEET-free, plant-based repellent for fleas, ticks, mosquitoes and flies.

For use in dogs and puppies only.

**Therapeutic Actions**
- Repellent

**Active Ingredients**
- Lemongrass Oil ................. 4%
- Cinnamon Oil .................... 1%
- Sesame Oil ....................... 1%
- Castor Oil ....................... 0.5%

**Inert Ingredients:**
- Purified Water .................. 93.3%
- Vitamin E ....................... 0.2%

**Cautions**
Keep out of reach of children and animals. Avoid inhalation and contact with eyes, nose and mouth. Sensitivities may occur with any flea or tick prevention program. If your pet shows signs of irritation, rinse the coat thoroughly, wash with a mild soap and rinse again. If irritation continues, consult a veterinarian immediately.

**Directions For Use**
Shake vigorously before each use. Spray generously on dog’s coat, including belly and legs. Immediately after spraying, rub the product into the coat. For dogs with longer hair or an undercoat, additional rubbing will help to work the product through the entire coat. Avoid contact with sensitive areas such as eyes, nose and mouth. Avoid spraying onto open wounds. Cover these areas while spraying. Use a cloth or our handy Pooch PROTECT Bug Repellent WIPES to apply product to the dog’s face. Reapply every 2-3 days or as needed. Reapply whenever dog is thoroughly wet. Safe for daily use, if desired. Safe for use on puppies. Application should be thorough but not soak the animal’s coat. This spray can be used on dog’s bedding, collar and grooming tools.

*Natural Wellbeing/Pet Wellbeing maintains that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This product has not been registered by the U.S. Environmental Protection Agency.*
**Pooch PROTECT Bug Repellent WIPES**

*60 Pre-Moistened Towelettes ~ Biodegradable*

**Indications**
- DEET-free, plant-based repellent for fleas, ticks, mosquitoes and flies.

For use in dogs and puppies only.

**Therapeutic Actions**
- Repellent

**Active Ingredients**
- Lemongrass Oil ............................................. 4%
- Cinnamon Oil .............................................. 1%
- Sesame Oil ................................................ 1%
- Castor Oil ................................................ 0.5%

**Inert Ingredients:**
- Purified Water, Carrageenan, Vitamin E, Sodium Benzoate, Potassium Sorbate, Mineral Oil, Citric Acid

**Cautions**
Keep out of reach of children and animals. Avoid inhalation and contact with eyes, nose and mouth. Sensitivities may occur with any flea or tick prevention program. If your pet shows signs of irritation, rinse the coat thoroughly, wash with a mild soap and rinse again. If irritation continues, consult a veterinarian immediately.

**Directions For Use**
Please read all directions carefully before application. Wipe the pre-moistened towelette on dog's coat, including legs and belly, then rub into the coat until thoroughly worked through. Avoid contact with dog's eyes, nose and mouth, or on open wounds. For added coverage and for dogs with thick coats, also consider using Pet Wellbeing's Pooch PROTECT Bug Repellent SPRAY. Reapply every 2-3 days or as needed before dog goes outside. Reapply whenever dog is thoroughly wet. Safe for daily use, as desired. May also be used to wipe dog's collar, grooming tools and household surfaces, such as a floor where your dog likes to lay down. Keep lid closed when not in use.

*Natural Wellbeing/Pet Wellbeing maintain that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This product has not been registered by the U.S. Environmental Protection Agency.*
Smooth BM Gold
2 oz (59 ml) liquid supplement

Indications
- Supports bowel regularity and tone. Non-irritating to the gut.

For use in dogs and cats only.

Therapeutic Actions
- Nutritive Tonic
- Laxative (gentle)
- Liver Support

Recommended to support normal peristalsis and bile flow with gentle cleansing action. This is not a purgative laxative, nor a bulking (fiber) product. This is a classic, Ayurvedic formula.

Active Ingredients
A blend of certified organic botanicals, yields the following milligrams per 1 ml (approx. 20 drops):

Triphala formula
- Haritaki fruit (Terminalia chebula) . . . . . . . 167 mg
- Amalaki fruit (Phyllanthus officinalis) . . . . 167 mg
- Bibhitaki fruit (Terminalia bellirica) . . . . . 167 mg

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product. Do not use with medications for diarrhea.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg)*. Shake well before use. Does not require refrigeration.

On calibrated dropper 0.25 ml = 5 drops

* Administration amount may be altered until desired effect is achieved. It is appropriate to increase or decrease the dose, as needed.
SPARK

DAILY NUTRITIONAL SUPPLEMENT

Two Sizes:
- Net Weight 50 g (1.76 oz)
- Net Weight 200 g (7.05 oz)

Indications
- Add to the diet of any dog or cat (puppy or kitten, once weaned).
- Whole foods supplement with added digestive enzymes, probiotics, Vitamin D₃, amino acids and greens.

Recommended for dogs and cats of all life stages to support healthy bones, teeth and coat; good digestion; immunity and recovery; good energy levels; joint and muscle health; aging and cellular repair. Both dogs and cats love the taste. SPARK provides well-absorbed nutrients from real food sources.

Guaranteed Analysis

Represents Minimum Levels per (3 g) Teaspoon Unless Otherwise Stated:
- Crude Protein (min.) . . . . . . . . 33%
- Crude Fiber (max.) . . . . . . . . 4%
- Moisture (max.) . . . . . . . . . . 5%
- Vitamin D₃ Supplement . . . . . . . 132 IU
- *Total Microorganisms . . . . . . . not less than 1.32 Billion CFU
  (Bifidobacterium bifidum, B. longum, Lactobacillus acidophilus,
  L. helveticus in equal amounts.)

Contains a source of live (viable) naturally occurring microorganisms.
- *Protease (Aspergillus oryzae) . . . . . . . . . . . . . . . . . . . 36 HUT
- *Lipase (Rhizopus oryzae) . . . . . . . . . . . . . . . . . . . . 49 FCCLU
- *Amylase (Aspergillus oryzae) . . . . . . . . . . . . . . . . . . 1.9 DU
- *Invertase (Saccharomyces cerevisiae) . . . . . . . . . . . . 2.3 SU
- *Cellulase (Trichoderma longibrachiatum) . . . . . . . . . 2.3 CU
- *Fructooligosaccharide . . . . . . . . . . . . . . . . . . . . . . . . 165 mg

Ingredients

Algae Meal [Spirulina, Chlorella, Organic Blue Green Algae], Beef Liver Powder, Ground Grass [Wheat Grass, Organic Wheat Grass Juice Powder], Lecithin, Alfalfa, Fructooligosaccharide, Ground Brown Rice [Brown Rice Protein], Dulse, Dried Kelp, Parsley Powder, Blueberry Powder, Flaxseed Powder, Beet Fiber, Natural Bacon Flavor, Carrot Powder, Broccoli Powder, Spinach Powder, Turmeric [Curcumin C3], Beta-Glucan (from Torula Dried Yeast), L-Arginine, L-Histidine, L-Isoleucine, L-Leucine, L-Lysine HCl, L-Methionine, L-Tryptophan, L-Valine, Condensed Bifidobacterium bifidum Fermentation Solubles, Condensed B. longum Fermentation Solubles, Condensed Lactobacillus acidophilus Fermentation Solubles, Condensed L. helveticus Fermentation Solubles, Vitamin D₃, Dried Rhizopus oryzae Fermentation Solubles, Dried Saccharomyces cerevisiae Fermentation Solubles, Dried Aspergillus oryzae Fermentation Solubles, Dried...
Trichoderma longibrachiatum Fermentation Solubles, Ginger, Cayenne Powder.

Caution
Not recommended for hyperthyroid states. Contains kelp.
Not recommended for animals with kidney disease.

Feeding Directions
Dog or Cat Weights Amounts (give slightly rounded):
Under 12 lb . . . . . . . . . . . . . . 1/4 teaspoon
12 lb to 25 lb . . . . . . . . . . . . 1/2 teaspoon
26 lb to 50 lb . . . . . . . . . . . . 1 teaspoon
51 lb and Over . . . . . . . . . . . . 2 teaspoon

Give once daily, sprinkled on food. Can also be mixed with a small amount of water to make a “gravy” and added to food.
**Stress Gold**

2 oz (59 ml) liquid supplement

**Indications**
- Supports the nervous system and moods during high-stress situations.

For use in dogs and cats only.

**Therapeutic Actions**
- Nervine (relaxant, restorative, tonic)
- Sedative (non-addictive, non-alkaloid)

Recommended for intermittent use during times of agitation, nervousness and heightened anxiety levels (loud sounds, change of environment, travel, etc.)

**Active Ingredients**
A Proprietary Blend of certified organic botanicals, yields 427 mg per 1 ml (approx. 20 drops):

- Skullcap herb (*Scutellaria lateriflora*)
- Valerian root (*Valeriana officinalis*)
- Lemon Balm herb (*Melissa officinalis*)
- Passion Flower herb (*Passiflora incarnata*)
- Hops strobiles (*Humulus lupulus*)
- Licorice root (*Glycyrrhiza glabra*)
- Wild Oat seed (*Avena sativa*)
- Chamomile flower (*Matricaria chamomilla*)
- Ginger root (*Zingiber officinale*)

**Inactive Ingredients**
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**
Safe use in pregnant animals or animals intended for breeding has not been proven. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Use with caution in conjunction with nervous system depressants. Do not use prior to anesthesia. Use caution with cardiac and kidney conditions or if using steroids. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**
Administer product orally as needed, up to four times daily*. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.

On calibrated dropper 0.25 ml = 5 drops
*Administer 30 – 50 min. before a known stressful event.

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
**Throat Gold**

2 oz (59 ml) liquid supplement

**Indications**
- Supports good immunity and comfort in the upper respiratory tract.

For use in dogs and cats only.

**Therapeutic Actions**
- Antimicrobial
- Demulcent (including pectoral demulcent)
- Anti-tussive
- Mild antispasmodic

Recommended to support the upper airways, especially for cough and throat irritation, upper respiratory infections (including Bordetella) and leash strain. May provide increased comfort for collapsed trachea.

**Active Ingredients**
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 347 mg per 1 ml (approx. 20 drops):

- Chokecherry bark (*Prunus virginiana*)
- Mullein leaf (*Verbascum spp.*)
- Usnea thallus (*Usnea barbata*)
- Pelargonium root (*Pelargonium sidoides*)
- Hyssop herb (*Hyssopus officinalis*)
- Slippery Elm bark (*Ulmus fulva*)
- Licorice root (*Glycyrrhiza glabra*)
- Chinese Skullcap root (*Scutellaria baicalensis*)
- Ginger rhizome (*Zingiber officinale*)
- Propolis resin

**Inactive Ingredients**
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**
Not to be used during pregnancy. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Use with caution in cardiac or kidney conditions or if taking steroids. Excessive or long-term use may cause or contribute to water retention or hypertension. Use with caution if animal has a known allergy to bee stings. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight
up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops.

Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Thyroid Support Gold

2 oz (59 ml) liquid supplement

*Formula Revised by Veterinary Board of Advisors: Summer 2017*

**Indications**

- Supports states of hyperthyroidism.

For use in dogs and cats only.

**Therapeutic Actions**

- Thyrostatic
- Cardioprotective
- Nervine restorative and tonic
- Antioxidant

Recommended to support symptoms associated with hyperthyroidism and provide nervous system support.

**Active Ingredients**

A Proprietary Blend of certified organic and selectively imported botanicals, yields 467 mg per 1 ml (approx. 20 drops):

- Bugleweed herb (*Lycopus virginicus*)
- Lemon Balm herb (*Melissa officinalis*)
- Rehmannia root (*Rehmannia glutinosa*)
- Bupleurum root (*Bupleurum spp.*)
- Motherwort aerial parts (*Leonurus cardiaca*)
- Skullcap aerial parts (*Scutellaria lateriflora*)
- Heal All fruit spike (*Prunella vulgaris*)
- Amalaki fruit (*Phyllanthus officinalis*)

**Inactive Ingredients**

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

**Cautions**

Do not use with hypothyroidism (low thyroid function). Safe use in pregnant animals or animals intended for breeding has not been proven. Do not use with drugs prescribed to treat hyperthyroidism (overactive thyroid function). If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

**Directions For Use**

Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration.
Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.

On calibrated dropper 0.25 ml = 5 drops
Thyroid Support SILVER

2 oz (59 ml) liquid supplement
4 oz (118 ml) liquid supplement

Indications

• Supports hypothyroidism.

For use in dogs and cats only.

Therapeutic Actions

• Metabolic regulator
• Anti-inflammatory
• Tonic
• Adaptogen

Recommended to support thyroid hormone production and metabolism.

Active Ingredients

A Proprietary Blend of certified organic, ethically wild-harvested and selectively imported botanicals, yields 453 mg per 1 ml (approx. 20 drops):

- Guggul gum (*Commiphora mukul*)
- Coleus root (*Coleus forskohlii*)
- Bacopa herb (*Bacopa monnieri*)
- Ashwagandha root (*Withania somnifera*)
- Eleuthero root (*Eleutherococcus senticosus*)
- Blue Flag root (*Iris versicolor*)
- Irish Moss (*Chondrus crispus*)
- Schisandra berry (*Schisandra chinensis*)
- Gotu Kola herb (*Centella asiatica*)
- Bladderwrack thallus (*Fucus vesiculosus*)

Inactive Ingredients

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions

Not to be used during pregnancy. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. May affect blood levels of cyclophosphamide, acetaminophen, diltiazem, propranolol or lead to eventual adjustment of thyroid hormone replacement dose. May be contraindicated with hypertension and anxiety. May lower blood sugar. May interact with blood thinners, anti-hypertensives and salicylates.

Directions For Use – 2 oz bottle for cats and small/medium dogs

Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight
up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops

**Directions For Use – 4 oz bottle large dogs**
Administer product twice daily, by weight.

Ultimate Probiotic
120 Capsules

Indications
- High potency daily or intermittent supplement.

For use in dogs and cats only.

Therapeutic Actions
Support for digestion, absorption and assimilation, immunity, a balanced nervous system and overall health.

Guaranteed Analysis per 390 mg capsule
Moisture (max.) ................................................. 6.0%
*Total microorganisms: not less than 5 billion CFU (equivalent to 10 billion CFU/gram)
  Lactobacillus acidophilus, Lactobacillus plantarum, Bifidobacterium bifidum,
  Lactobacillus casei, Lactobacillus brevis, Bifidobacterium longum, Enterococcus thermophilus
*FOS (Fructooligosaccharides) ......................... 75 mg

*Not recognized as an essential nutrient by the AAFCO Dog or Cat Food Nutrient Profiles.
Contains a source of live (viable) naturally occurring microorganisms.

Ingredients
Microcrystalline cellulose, fructooligosaccharides, dried Lactobacillus acidophilus fermentation product, dried Lactobacillus plantarum fermentation product, dried Lactobacillus casei fermentation product, silicon dioxide, magnesium stearate, dried Lactobacillus brevis fermentation product, dried Bifidobacterium bifidum fermentation product, dried Bifidobacterium longum fermentation product, dried Enterococcus thermophilus fermentation product.

Feeding Directions for Dogs and Cats:
For Dogs:
Under 40 lbs ............... Give 1 capsule daily.
Over 40 lbs ............... Give 2 capsules daily.
Mix contents of capsule(s) with food or give capsule(s) whole after a meal. Capsules are edible.

For Cats:
All sizes ................. Give ½ capsule daily, mixed with food.

For animal use only.
Keep out of reach of children and animals. Store in a cool, dry place at a temperature of 70° F or below. Recommended to refrigerate after opening.
Urinary Gold
2 oz (59 ml) liquid supplement

Indications
• Support for infections of the urinary tract; stones and crystals.

For use in dogs and cats only.

Therapeutic Actions
• Antilithic
• Urinary demulcent
• Diuretic
• Antimicrobial

Recommended to support normal and comfortable urination.

Active Ingredients
A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 483 mg per 1 ml (approx. 20 drops):

Stoneroott root (*Collinsonia canadensis*)
Hydrangea root (*Hydrangea arborescens*)
Marshmallow root (*Althea officinalis*)
Dandelion leaf (*Taraxacum officinale*)
Yarrow aerial parts (*Achillea millefolium*)
Oregon Grape root (*Berberis aquifolium*)
Echinacea root, flower, seed (*Echinacea purpurea*)
Goldenrod aerial parts (*Solidago virgaurea*)
Horsetail aerial parts (*Equisetum arvense*)
Hops strobiles (*Humulus lupulus*)

Inactive Ingredients
Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions
Not to be used during pregnancy. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood thinners or with antibiotics. Absorption of drugs taken simultaneously may be delayed. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Administer product orally twice daily. Give one drop for every 2 lb (1 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 4 lb (2 kg). Shake well before use. Does not require refrigeration. On calibrated dropper 0.25 ml = 5 drops.
Expiration
Five (5) years from point of manufacture. Lot and expiration are ink-stamped on bottom of each bottle.

Warnings and Storage Information
Please note these are standard warnings for dosage-form animal supplements as per FDA regulations.
For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Excessive heat or freezing may cause some separation of particulate matter.
Urinary Gold DAILY for Cats
60 Chews (3.17 oz / 90 g)
Chicken Liver Flavor

Indications
• A daily supplement to support urinary tract health. Use in conjunction with Urinary Gold when additional support is needed.

For use in cats and dogs only. (Chew size is appropriate for small dogs.)

Therapeutic Actions
• Immune support for the urinary tract
• Nutritional (provides glycosaminoglycans)
• Antioxidant
• Proteolytic enzyme
• Urinary demulcent
• Probiotic

Provides long-term support essential for animals predisposed to infections and crystals.

Active Ingredients per one (1) chew:
D-Mannose ...................................... 100 mg
N-Acetyl-Glucosamine
(Shrimp and Crab) ............................ 100 mg
Cranberry Extract ............................ 50 mg
Bromelain ...................................... 50 mg
Corn Silk (Zea mays) ......................... 30 mg
GanedenBC30® (Bacillus coagulans
GBI-30, 6086) ....................... 50 million CFU

Inactive Ingredients: brewers yeast, calcium sulfate, chicken liver flavor, citric acid, dried skim milk, glycerin, maltodextrin, mixed tocopherols, propionic acid, rosemary extract, safflower oil, silicon dioxide, sodium alginate, soy lecithin, vegetable oil.

Cautions
Safe use in pregnant animals or animals intended for breeding has not been proven. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset. An examination from a veterinarian is recommended prior to using this product.

Directions For Use
Give 1 chew, 2 times daily.
**Warnings:**
For animal use only. Keep out of the reach of children and animals. Some pets may consider this a treat. In case of accidental overdose, contact a health professional immediately.

**Storage:**
Store in a cool, dry place. Does not require refrigeration.
Urinary Gold DAILY for Dogs

60 Chews (10.5 oz / 300 g)
Chicken Liver Flavor

Indications

- A daily supplement to support urinary tract health. Use in conjunction with Urinary Gold when additional support is needed.

For use in dogs only.

Therapeutic Actions

- Immune support for the urinary tract
- Nutritional (provides glycosaminoglycans)
- Antioxidant and Probiotic
- Proteolytic enzyme
- Urinary demulcent

Provides long-term support essential for animals predisposed to infections and crystals.

Active Ingredients per one (1) chew:

D-Mannose ........................................ 100 mg
N-Acetyl-Glucosamine
(Shrimp and Crab) ......................... 100 mg

Up to 15 lbs: .................. 1/2 Chew Daily
16-30 lbs: .................. 1 Chew Daily
31-60 lbs: .................. 2 Chews Daily
61-90 lbs: .................. 3 Chews Daily
Over 90 lbs: 4 Chews Daily

Warnings:
For animal use only. Keep out of the reach of children and animals. Some pets may consider this a treat. In case of accidental overdose, contact a health professional immediately.

Storage:
Store in a cool, dry place. Does not require refrigeration.
Young at Heart

2 oz (59 ml) liquid supplement
4 oz (118 ml) liquid supplement (Large Canine format)

Formula Revised by Veterinary Board of Advisors: Spring 2016

Indications

- Long-term tonic support for the cardiovascular system.

For use in dogs and cats only.

Therapeutic Actions

- Cardiotonic
- Cardioprotective
- Mild nervine
- Mild hypotensive
- 

Recommended to support the cardiovascular and circulatory systems; appropriate for ongoing use.

Active Ingredients

A Proprietary Blend of certified organic and ethically wild-harvested botanicals, yields 375 mg per 1 ml (approx. 20 drops):

Hawthorn berry, buds and leaf (*Crataegus spp.*)
Motherwort herb (*Leonurus cardiaca*)
Nettle herb (*Urtica dioica*)
Fo-ti root (*Polygonum multiflorum*)
Schisandra fruit (*Schisandra chinensis*)
Gotu kola herb (*Centella asiatica*)
Ginger rhizome (*Zingiber officinalis*)

Inactive Ingredients

Deionized water, natural bacon flavor (glycerin-based), vegetable glycerin

Cautions

Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Do not use with blood pressure medication, cardiac drugs, cardiac glycosides or blood thinners. An examination from a veterinarian is recommended prior to using this product.
Directions For Use – 2oz bottle for cats and small/medium dogs
* Please note the administration amount is different (double) than most PWB liquid supplements.
Administer product orally twice daily. Give one drop for every pound (0.5 kg) of body weight up to 50 lb (25 kg). Over 50 lb, add one drop per additional 2 lb (1 kg). Shake well before use. Does not require refrigeration.
On calibrated dropper 0.25 ml = 5 drops

Directions for Use – 4 oz bottle for large dogs
Administer twice daily, according to dog’s weight. Dropper is calibrated to calculate each administration amount:

30 - 34 lb (14 - 15 kg) ....................... 1.5 ml
35 - 44 lb (16 - 20 kg) ....................... 2.0 ml
